Station Madras, *Dated the* 9th July 1930

From (Name) W E Smith. Esq, M.A.,

(Designation) Ag. Director of Public Instruc

To The Secretary to the Government of Madras

Law Education Departm

Sir,

In submitting herewith the letters Ref. on C. No dated 8th July 1929 and 18th November 1929 from the Presid Taluk Board, Udipi, I have the honour to state as follows:

+9-10 misprint

2.PhalimarThe school is at present located in the out-house ing to the Phalimar mutt rent free, but they are unsuitable inadequate for school purposes. The new building proposed constructed for this school can accommodate 145 pupils at of 9½ Sq. Ft. per pupil, excluding the verandah. The streng the school in July 1929 was ~~nearly~~ only 83 of which 34 pupils we standard 1. The cost of construction of the school build Rs. 3000. The cost per square feet of plintharea works Rs. 1-11-0. The building is reported to have been fully

completed.

3. The strength of Handadi school in July 1929 was 72 of which 29 pupils were in standard 1. The school is at present held in a rented tiled building which is reported to be insufficient. The new building provides accommodation for nearly 185 pupils excluding the verandah and two small rooms each 12' x 6'. The cost of the workis Rs. 4600 and the cost per square feet of plinth area, Rs. 1-12-0 nearly. The foundation of the new building is completed and timber collected.

4. Provision for 64 more pupils is made in the extension proposed for the Hiriadka school. The strength of the school in July 1929 was 181 in standards 1 to 8. The cost of extension is Rs.2300. The extension has been completed upto the basement and timber collected.

5. The President's application for grant cannot be supported on 3 grounds (1) The works ~~are~~ were started or completed without first obtaining the approval of Government; the reason adduced by the President, Taluk Board that the work had to be put in hand immediately for fear of losing the contributions of the villagers is not convincing (ii) the application is for a grant equal to half the cost of works including the villagers contributions and (iii) the Taluk Board proposes to meet its share of the cost from the Elementary Education fund.

I have the honour to be,
Sir,
Your most obedient servant,

12-7-30

From (Name) M.R.Ry., H.Ramayya Shetty Avl.,

(Designation) President, Taluk Board Udipi.

To The Secretary to the Government of Madras.

Law(Education) Department.

Through

Sir,/ Director of Public Instruction, Madras.

Through

The President, District Board, South Kanara.

Sir,

As called for in G.O.No. 620 L&M., dated 5th February 1929, I have the honour to submit herewith an -- application for the Government grant of Rs 4950/- required by this Taluk Board for the construction of new Elementary school buildings at Phalimar and Handai and for the extension of the existing school-building at Hiriadka and state as follows

The Board Elementary schools at Phalimar and Kumragod (Handadi) are now held in buildings which are

has been raised to the status of a Higher Elementary school and the accommodation in the existing building is quite inadequate even for the present strength. The buildings for the schools at Phalimar and Handadi have been proposed to be constructed on the Government waste lands set apart for the purpose and -- alienated long ago by the Government to the Taluk Board. These sites are accessible to all classes of pupils. The necessity -- for buildings for these schools is a long-felt want and my Taluk Board has not been able to do anything in this direction for - want of funds.

3. I have now been able to persuade, with difficulty, the residents of the above villages to contribute their mite in the shape of labour, materials etc., towards the construction of all the above buildings so much so that the villagers have already undertaken the construction of the buildings, and if the Government aid be forthcoming this year, I think, the y work of all the buildings will be completed before the end of March 1930.

4. The District Board Engineer, South Kanara, estimates the cost of the buildings as noted below : -

		Rs
1.	New building for Phalimar school ..	3000-0-0
2.	--do-- Handadi ..	4600-0-0
3.	Extension of Hiriadka school	2300-0-0
	Total	9900-0-0

The plans and the estimates have been sanctioned by this Board and also by the District Board of South Kanara, in the case of works No. 1 and 2 supra- Vide Taluk Board resolution No. 576/23-3-1929 and the District Board resolution No. 94 20-6-1929 copies enclosed. The work of the buildings is being carried out under the guidance and supervision of the officers of the L.F.Engineering Department and the works will be check-measured and valued by the District Board Assistant Engineer., Udipi division.

5. In the above circumstances I request that

the Government may be pleased to sanction, by reappropriation of funds in the current year only, the payment of Government grant to meet the other half of the cost of the buildings on the post payment system by instalments on the certificate of valuation by the Assistant Engineer in which case the present application may not be considered for the next official year.

6. As the works are done by the villagers, I request that Government may be pleased to accord permission to dispense with the invitation of tenders for all the above works.

I have the honour to be,

Sir,

Your most obedient servant

President. 17.7.29
